

Subject Code: 2CS2010401	Subject Title: System Development Project
Pre-requisite:	Any Programming Language

Course Objective:

The objectives of the course is to provide the students with experience in analyzing, designing, implementing and evaluating information systems

Teaching Scheme (Hours per week)				Evaluation Scheme (Marks)				
Lecture	Tutorial	Practical	Credit	Theory		Practical		Total
				University Assessment	Continuous Assessment	University Assessment	Continuous Assessment	
-	-	30	30	-	-	420	280	700

Guidelines for the Project:

1. The duration of the project is 120 days.
2. The students can develop their project individually or in a group of two preferably.
3. The project can be developed in any programming language / platform / tools & technology but it is required to get it approved by the head of the department.
4. For the purpose of approval, they have to submit their project titles and proposals with the name of external guides to the Head/Project Coordinator of Department within 15 days of the commencement of the sixth semester. In case, if the student proposal is rejected, the revised proposal is required to submit and get it sanctioned within next 10 days. Failing to do this, His/her term will not be granted.
5. The students have to report to the internal guide for at least 4 times during the project lifespan with the progress report duly signed by external guide. Moreover, they have to bring these reports with the final report at the time of external examination.
6. The external examiners appointed by the University will give the external marks on the basis of the heads like Presentation, Demonstration, Viva Voice, Documentation etc. The distribution of the marks to different heads may be decided at the time of evaluation of the project but it is expected to have the same distribution.
7. The Internal Guide/Project Coordinator of Department will give the internal marks. These marks may be given on the bases of regular reporting of the student to the internal guide, quality of project work.
