Nr. Kamana Cross Road, Visnagar-384315

The objective of this program is to enhance the teaching and research capabilities of faculty members of Management and Commerce discipline. These acquired capabilities will be relevant as per the emerging trends in the industries across the globe. It is a humble attempt intended for augmenting appropriate and relevant skills among teachers and researchers working in various universities, colleges and professional institutions in field of Commerce & Management. The major pedagogy of this FDP would be based on experiential narratives delivered by eminent educationists and industry professionals.

### ABOUT INSTITUTION:

Sankalchand Patel University, with its high standards of teaching and learning and excellent facilities, serves as a right destination for 21st Century education. We offer diverse academic programs focused on all the technical and professional fields with the practical aspect of education in the center. We ensure that our curriculum is regularly revised based on the feedback from the Industry and the Academic Experts. We promote Inter-disciplinary research through various research-based activities that are carried out both by the students and the faculties. Several on-going initiatives are focused on making our students not just “Ready to Job” but also “Ready to Life”. We believe, “Ensuring Quality Education is one of the most important things we can do for the future generations” - as rightly quoted by Ron Lewis.

Smt. S. B. Patel institute of Business Management Under Faculty of Management Studies: offers programs that are specifically designed to give a sound understanding of Business, Commerce their methods and functionalities and also their inter-relationships. Our faculties are having cutting –edge knowledge on various research tools and are known for their expertise in different commerce & management domains. We at FMS focus on imparting broad managerial knowledge and skills necessary to succeed in any industry. We are committed in imparting quality management education which is full of experiential learning, along with creative skill-based education which is interwoven with progressive and impactful research.
